GROHE LINEARE

SENSUAL MINIMALISM

The cosmopolitan aesthetic of Lineare is minimal yet highly inviting. In keeping with the concept of minimalism, Lineare has been reduced to only the necessary elements to achieve the thinnest possible appearance. The line is based on a composition of two simple geometric structures – cylindrical bodies and thin rectangular forms of the handle and spout create beautiful harmonious compositions.

Creating a beautiful area for bathing and showering can often be a challenge, since the space available is frequently very limited. The GROHE Rapido SmartBox System offers the luxury of extra space thanks to our super slim trimsets. One great advantage is the extra flexibility that comes with our system, allowing you to install the box now and decide on the final design and look later on.

SHOWER PLEASURE TO THE POWER OF THREE

CONTROL UP TO THREE SHOWERS WITH JUST ONE TRIM

Today's trend is for a multiple shower experience that offers more than simple bath/shower combinations. The downside is that for this to work, you need two rough-ins and two trims to control a hand shower and a two-spray head shower: up until now.

With just one rough-in and one trim, it is possible to enjoy two head shower functions. The pleasure of using two head shower sprays is enhanced by the Rainshower 360 and the new Rainshower 310 head showers. Designed to be the perfect match, they deliver an unmissable shower sensation.

METAL PLATE, ERGONOMIC GRIP

In keeping with its sleek design, the GROHE SmartControl Concealed uses premium materials. Its ergonomic buttons have a knurled grip for ease of use.

SLIM IS THE **NEW BEAUTIFUL**

43 MM TOTAL OUTREACH

No matter what the installation depth of the rough-in is, the total height of the trim never exceeds 43 mm. The GROHE SmartControl Concealed combines space-saving convenience in the shower and slim good looks.

THINNER WALL PLATES

With a height of only 10 mm, its super slim design makes the GROHE SmartControl Concealed wall plate both elegant and space saving.

HIDDEN SEALING SYSTEM

The GROHE SmartControl Concealed has an integrated sealing system, completely eliminating water behind the wall.

SYMBOLS CAN BE CHANGED

The control knobs come with a range of different symbols, representing the different shower options. These symbols are clear and recognisable and their functionality distinct. They can be individually configured and also easily exchanged if required.

SLEEK SPACE-SAVER

Designed and engineered for more comfort, convenience and space, our two-handle thermostats look deceptively simple. The exceedingly narrow plates, with a width of just 10 mm, and the slim design of the controls ensure that the overall outreach is a mere 43 mm. All our two-handle thermostats offer this combination of good looks and extra space.

OUTSTANDINGWITHOUT STANDING OUT

Our single-lever mixers perform outstandingly, offering comfortable and intuitive control. GROHE single-lever mixers are designed for functionality and for stylish streamlined looks: the plates themselves are a mere 10 mm thin. And the automatic two-way diverter has an outreach of only 43 mm, independent of rough-in installation depth.

GROHE **THERMOSTATS**

PRECISION CONTROL FOR A RELAXED SHOWERING EXPERIENCE.

As our benchmark when constructing GROHE thermostats we used the most sensitive thermometer around – your skin. The revolutionary thermostats in our Grohtherm range ensure that hot and cold water will touch your skin in exactly the proportions you desire. GROHE TurboStat is a revolutionary technical feature – it provides the correct shower temperature in seconds and keeps it constant. The many elegant design features in these miniature technological marvels are wonderfully innovative.

COMFORT, SAFETY, SAVINGS

We've all been there before. You've just stepped into the shower when someone else in the house either turns on a faucet or flushes the toilet; suddenly the temperature of your shower plummets or becomes scalding hot – leaving you with soap in your eyes as you try to manually adjust the temperature back to a comfortable level. Install a GROHE thermostat and you can be sure of a safe and enjoyable showering experience every time.

USER-FRIENDLY FEATURES

Our thermostats also feature a SafeStop button, to prevent children from turning up the temperature and scalding themselves, and an EcoButton to reduce water usage by up to 50 %. Our EasyLogic controls are intuitive to use and cater to the entire family, whatever their height, while the AquaDimmer allows you to turn the water on and off, adjust the flow rate and divert between two water outlets, e.g. hand shower and bath spout.

GROHE COOLTOUCH

SAFETY FIRST WITH 100 % GROHE COOLTOUCH.

GROHE's CoolTouch technology ensures that the entire outer surface never exceeds your preferred shower temperature. By designing our thermostats to include an innovative cooling channel, we have created a barrier between the hot water and the chrome surface – so it's never too hot to handle. On top, Grohtherm SmartControl, 3000 and 2000 feature GROHE CoolTouch wall unions to perform 100 % GROHE CoolTouch for safety surround. This safety measure is especially useful for children, who can not always judge whether something they touch is dangerously hot.

GROHTHERM **SMARTCONTROL**

TURN UP THE VOLUME - OR DOWN IF YOU PREFER

GROHE SmartControl offers not just a choice of shower sprays, but also the precise control of water flow. GROHE SmartControl features an integrated volume control for an individual shower experience. A simple push of a button starts or stops the desired shower.

And just a turn of the dial allows for precise control of water volume. Thanks to the clear symbols on the buttons, operating them is simple and intuitive.

SWITCHING SPRAYS? YOU CAN DO IT WITH YOUR EYES SHUT

Our thermostats with conventional operation are anything but conventional themselves. We designed them to be as user-friendly and intuitive as possible. Turn on the hand shower by rotating the upper control button slightly to the left. To increase the water flow and obtain a more powerful spray, simply keep turning the button further to the left. And to switch over to the head shower head, turn the control button towards the right.

Continue turning to the right to turn up the volume. Also available as 1-function model to operate a single shower or 2-function model for shower and bath fill operation.

And yet what GROHE SmartControl does with water has to be felt to be believed. It elevates the simple shower to a whole new shower experience that seems to have been made for you alone.

The intelligence of GROHE SmartControl lets you rediscover the element of water: you can surround yourself with fat, lazy droplets like a summer rain or lend form to the water to massage and soothe away the day. Turn the volume all the way up for a deluge or down to deliver a fine spray. Or choose the right degree of warmth for every water drop. All at the touch of your finger.

THE BEST OF BOTH WORLDS:

Flexibility best describes the benefits of choosing the GROHE SmartControl Combi shower system, offering as it does a range of different installation options and also a range of possible combinations.

This means for example, that you are free to position the thermostat either vertically under the showerhead or if you choose, away from the central axis – or even on one of the side walls of the shower. Flexibility also extends to the way you can combine the thermostat with other GROHE head, hand or body showers, creating your own personal shower experience. In addition you have the option of turning your bath into a shower – by combining the SmartControl thermostat with a bathtub inlet and a hand shower.

Like the GROHE SmartControl Exposed, the "excealed" solution is also available in the versions Duo and Mono and also offers shelf space for shampoo and shower gel. With the GROHE SmartControl Combi shower system, the piping runs within the wall, connecting the SmartControl thermostat and the head shower. No shower rod means that cleaning is effortless – just one more of the pleasures you can expect from the GROHE SmartControl Combi shower system.

SHOWER PLEASURE TO THE POWER OF THREE

CONTROL UP TO THREE SHOWERS WITH JUST ONE TRIM

Today's trend is for a multiple shower experience that offers more than simple bath/shower combinations. The downside is that for this to work, you need two rough-ins and two trims to control a hand shower and a two-spray head shower: up until now.

With just one rough-in and one trim, it is possible to enjoy two head shower functions. The pleasure of using two head shower sprays is enhanced by the Rainshower 360 and the new Rainshower 310 head showers. Designed to be the perfect match, they deliver an unmissable shower sensation.

GROHE SHOWERS THE SPRAYS

RAIN SPRAY

Wide and luxurious – a soft, delicate pattern to soothe the skin. Mimicking warm summer rain, the spray provides a full and even coverage.

GROHE RAIN O² SPRAY

A soft, smooth spray based on our original Rain Spray. Water drops are infused with air for a wide and fuller spray.

ACTIVERAIN SPRAY

Innovative spray to loosen up tense muscles or rinse shampoo out of your hair.

SMARTRAIN SPRAY

All the features and benefits of our authentic Rain spray but with a reduced flow. A smart pattern that uses less water to deliver full showering enjoyment.

JET SPRAY

A focussed circular spray, which delivers a refreshing burst of water. Ideal for stimulating the skin or simply cleaning the bathtub or shower.

PURE SPRAY

The name says it all. A soft stream of pure water delivered from the center of the shower head – reminiscent of a fresh, mountain spring.

ENJOY VARIETY - REJUVENATION OR RELAXATION?

Our unique design distributes the same amount of water to each and every nozzle, resulting in an even spray. So whatever pattern suits your mood - Rain, Pure, Jet, Massage or Champagne spray – you're

guaranteed that it will be an all-over exhilarating experience. GROHE PureRain spray, GROHE Bokoma spray and ActiveRain spray, are just the latest examples of GROHE DreamSpray technological innovation.

MASSAGE SPRAY

A pulsating spray pattern for a stimulating massage. Gives a unique and invigorating all-over massage.

BOKOMA SPRAY

Eight dynamic spray nozzles create a 'breathing' effect, recreating the tension-relieving sensation of a fingertip massage.

TRIOMASSAGE SPRAY

The combination of the renowned Bokoma spray and two Massage sprays gives you a head and shoulder massage in one combined spray.

WATERFALL SPRAY

An extra wide spout creates the sensual pleasure of a waterfall in your own bathroom.

DRIZZLE SPRAY

Revitalizing cool water mist acts like a fresh sea breeze.

CHAMPAGNE SPRAY

Enriched with air for bigger and softer water droplets. More air means that less water is required when using this fulfilling and gentle spray pattern.

O4 GROHE STICK SHOWERS

MINIMALISM IS AN ONGOING TREND IN THE BATHROOM.

GROHE stick hand showers and shower sets are perfect for installing next to the bathtub, in a minimalist, tailormade shower, or just as a shower set to enjoy a refreshing GROHE shower in today's stylish bathrooms.

All GROHE hand showers feature an inner water guide that prevents the radiant GROHE StarLight chrome finish from cracking and ensures it's never too hot to handle. This is a real plus when using very hot water to clean the bath.
